

Pica - Dry[®]
Longlife Automatic Pencil

The **new** standard.

THE ORIGINAL

**The construction marker
for professional craftsmen**

Pica - Dry® Longlife Automatic Pencil

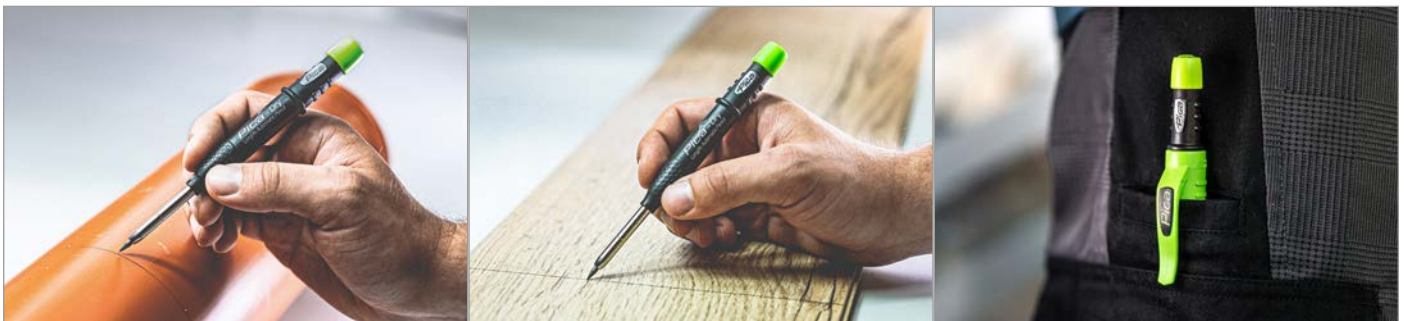

Pica-Dry®
Longlife Automatic Pencil

The construction marker for professional craftsmen

 The only Construction Marker with effective dust and moisture protection

 **Reliable hold in the long term**
Its new "Power Lock" mechanism inside is a milestone in the development. The longevity of the product once more has been noticeably improved.

Unique:

"**LOGLIFE CAP**" with extra strong clip and robust sharpener for long term use.

- Extremely sustainable due to refillability
- Barrel with roll-stop
- Its special FOR ALL graphite lead 2B marks on almost all surfaces, no matter if dry, wet, glossy, rough or dusty
- Most versatile capabilities due to special color leads: for bright or dark surfaces, in water soluble or water resistant

Maximum protection against Dust & Moisture

The push-button as umbrella cap and barrel with sealing ring cause a maximum all-round protection against external influences.

Power Lock

The new Pica-Dry® with newly developed Power-Lock mechanism offers a 3x higher and longer holding power than its predecessor – the best in its class until now. This reduces the possibility of the lead slipping in during long-term use to a minimum.

Lead holding power

New Pica-Dry®

Predecessor

3x

more holding power

Optimized design

New grip zones support the pull out and enhance the haptic experience.

The sealing ring gives the closure a noticeable end point.

The new grip zone is a significant improvement for orientation.

The largest variety of leads only from Pica!

New: Increased protection of leads against breakage

The new Pica-Dry® refill cases offer significantly increased stiffness. Together with the new case-design this results in

- ✓ 4 times more rigidity against deflection
- ✓ 4 times more rigidity against torsion (twisting)
- ✓ a single lead can be taken out by just sliding it out of the case

Always top up refills from the back!
